

STUDY PROGRAMME MECHANICAL ENGINEERING (MB)

As a mechanical engineer, you develop and manufacture the products of tomorrow

Is a mechanical engineering degree something for me? ▶

- ▶ **You are** creative, have a basic understanding of technology and work systematically.
- ▶ **You can** think analytically and logically and like to communicate.
- ▶ **You want to make** devices more efficient, components lighter, people more mobile and production facilities more environmentally friendly.

That's what I get out of studying industrial engineering and mechanical engineering! ▶

Apply online! ▶

Student advising ▶

Bachelor Mechanical Engineering (B.Sc.)

The Bachelor's degree of Mechanical Engineering is an undergraduate degree programme leading to a professional qualification.

- ▶ N.c. (Numerus clausus)-free!

- Choice of specialization
- ▶ + Product development
- + Manufacturing
- ▶ Duration: 6 semesters
- ▶ Language: German
- ▶ All information about the study programme

Bachelor Dual Mechanical Engineering (B.Sc.)

The Bachelor's degree Dual Mechanical Engineering is an undergraduate degree programme with a professional qualification and integrated vocational training.

- ▶ N.c. (Numerus clausus)-free!
- ▶ Choice of specialization
- + Product development
- + Manufacturing
- ▶ Duration: 8 semesters
- ▶ Language: German
- ▶ All information about the study programme
- ▶ Partner companies for integrated vocational training

Master Mechanical Engineering (M.Sc.)

The Master's degree in Mechanical Engineering is an advanced degree programme according to the chosen specialization. The Master's degree qualifies students for many professions, management positions and careers in research. It is a prerequisite for obtaining a doctorate.

- ▶ N.c. (Numerus clausus)-free!
- ▶ Choice of specialization
 - + Product development - design and calculation
 - + Production engineering
 - + Materials engineering
 - + Automotive systems
- ▶ Duration: 4 Semester
- ▶ Language: German
- ▶ All information about the study programme

Why study in Magdeburg

- ▶ You study at a campus with a long engineering tradition
- ▶ This is what studying in Magdeburg looks like!

- ▶ You live in a green and lively city.
- ▶ Good reasons for Magdeburg
